WORLD BNEI AKIVA

Uplifting. Inspiring. Empowering.

World Bnei Akiva is proud to offer a new programme. On Limmud you'll spend significant time at Yeshiva or Midrasha, Machon Madrichim and Mechina. Limmud is aimed at people who want to combine more Torah learning with the legendary Bnei Akiva experiences of Israel, as well as Kibbutz, Marva and Magen David Adom. An inspiring trip to Poland is also including in the programme.

Yeshiva / Midrasha

You'll learn Chumash, Jewish philosophy, Talmud, ethics and more, and be enriched by the excellent Torah scholars that are available in Israel. You'll return to your communities with the skills to teach what you have learnt to others. The studying is intensive and requires serious commitment. The boys will study at Yeshivat Torah be'Tzion in Jerusalem and the girls' Midrasha will be based in Migdal Oz. Both institutions teach a Modern Orthodox educational philosophy while studying all aspects of Torah. Different levels are catered for, and you'll learn about critical and relevant issues of faith in modern times, and be guided throughout the period there.

Machon Madrichim

The Machon leadership course – divided into two semesters – deals with contemporary themes relating to Israel and Judaism. Thought-provoking topics are taught, discussed and debated in an open manner, led by a wide range of educators. Trips around the country are included in the Machon, whose goal is to prepare future Jewish leaders.

Kibbutz

There is a fair mix of work and study spread over the year, including time on Kibbutz. Living and working there, you will feel the special family atmosphere and get to know some of the members of the kibbutz. During these weeks you'll divide your time between work, orientation of Israel and enjoying time with your group.

Mechina

Mechina is an Israeli post-high school educational institution with a focus placed on preparing you for higher education and encounters with secular society. You will study, live and have fun with Israeli youth learning in the Mechina pre-military programme. A rich blend of religious studies and informal activities, together with a Hebrew Ulpan, makes up the Mechina day. The boys and girls will be at different Mechinot.

Magen David Adom

MDA provides emergency services throughout Israel, and works with volunteers to provide effective first-aid treatment. After completing the training course, you'll volunteer on ambulances across the country giving medical care alongside Israeli volunteers and professionals.

Poland

Limmud participants have a special opportunity to travel to Poland to explore the rich Jewish heritage that once existed there, and to learn about the horrific events of the Holocaust.
